

§ 60-250.43 Affirmative action policy.

Under the affirmative action obligations imposed by the Act contractors shall not discriminate because of status as a special disabled veteran or veteran of the Vietnam era and shall take affirmative action to employ and advance in employment qualified special disabled veterans and veterans of the Vietnam era at all levels of employment, including the executive level. Such action shall apply to all employment activities set forth in § 60-250.20.

§ 60-250.44 Required contents of affirmative action programs.

Acceptable affirmative action programs shall contain, but not necessarily be limited to, the following ingredients:

(a) *Policy statement.* The contractor shall include an equal opportunity policy statement in its affirmative action program, and shall post the policy statement on company bulletin boards. The contractor must ensure that applicants and employees who are special disabled veterans are informed of the contents of the policy statement (for example, the contractor may have the statement read to a visually disabled individual, or may lower the posted notice so that it may be read by a person in a wheelchair). The policy statement should indicate the chief executive officer's attitude on the subject matter, provide for an audit and reporting system (see paragraph (h) of this section) and assign overall responsibility for the implementation of affirmative action activities required under this part (see paragraph (i) of this section). Additionally, the policy should state, among other things, that the contractor will: recruit, hire, train and promote persons in all job titles, and ensure that all other personnel actions are administered, without regard to special disabled veteran or Vietnam era veteran status; and ensure that all employment decisions are based only on valid job requirements. The policy shall state that employees and applicants shall not be subjected to harassment, intimidation, threats, coercion or discrimination because they have engaged in or may engage in any of the following activities:

(1) Filing a complaint;

(2) Assisting or participating in an investigation, compliance evaluation, hearing, or any other activity related to the administration of the affirmative action provisions of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended (VEVRAA) or any other Federal, state or local law requiring equal opportunity for special disabled veterans or veterans of the Vietnam era;

(3) Opposing any act or practice made unlawful by VEVRAA or its implementing regulations in this part or any other Federal, state or local law requiring equal opportunity for special disabled veterans or veterans of the Vietnam era; or

(4) Exercising any other right protected by VEVRAA or its implementing regulations in this part.

(b) *Review of personnel processes.* The contractor shall ensure that its personnel processes provide for careful, thorough, and systematic consideration of the job qualifications of applicants and employees who are known special disabled veterans or veterans of the Vietnam era for job vacancies filled either by hiring or promotion, and for all training opportunities offered or available. The contractor shall ensure that when a special disabled veteran or a veteran of the Vietnam era is considered for employment opportunities, the contractor relies only on that portion of the individual's military record, including his or her discharge papers, that is relevant to the requirements of the opportunity in issue. The contractor shall ensure that its personnel processes do not stereotype special disabled veterans and veterans of the Vietnam era in a manner which limits their access to all jobs for which they are qualified. The contractor shall periodically review such processes and make any necessary modifications to ensure that these obligations are carried out. A description of the review and any necessary modifications to personnel processes or development of new processes shall be included in any affirmative action programs required under this part. The contractor must design procedures that facilitate a review of the implementation of this requirement by the contractor and the Government. (Appendix C of this part
